T Slot table shown. Vacuum table available

- Solid construction, welded frame that is not bolt together for rigidity. Here are just a few of the numerous advantages – Better finish, longer tool life, longer life of the mechanical components, etc.
- The T-Slot table surface is lined with a replaceable fenolic material designed not to scratch your finished products.
- Dual motors and drives on both sides of the gantry for aggressive cutting and keeping the gantry straight.
- Double nut Ball Screw on the "Z" axis.
- Dust hood (not shown) is standard with a 4" inlet.
